

COVID-19 SAFETY

CRPA cares about the health and safety of our exhibitors, attendees, and speakers. In order to provide a safe, enjoyable, in-person conference, CRPA and Mohegan Sun have instituted the below safety precautions:

MOHEGAN SUN: HEALTH & SAFETY PRECAUTIONS

To view the full Mohegan Sun Guest and Team Member Safety Guide, [CLICK HERE](#)

Below are just a few highlights from Mohegan Sun's abovementioned Safety Guide:

- Due to the vast 275,000 square feet of indoor convention meeting space, Mohegan Sun's facility provides a footprint that allows for ample space to social distance
- Masks and Face Coverings will be required for UNVACCINATED persons on site; reusable masks will be available for purchase and disposable masks will be available for no charge
- Temperature checks will be monitored remotely at property entrances (no admittance for individuals registering above 99.9°)
- All public areas and back of house to be kept sanitized and disinfected with hyper attention including but not limited to frequent contact surfaces such as public seating areas, restrooms, elevator buttons, escalator handrails, and stairwells
- UV Light disinfecting technology has been installed in resort air handlers
- All ventilation systems will be set to 100% outside air and 100% exhaust air in order to achieve the highest possible air exchange rate inside of all areas of our property
- All air handlers and duct work throughout the complex have been completely fogged with disinfectant
- Hand sanitizer and sanitizing wipes will be easily accessible throughout the entire property
- Signs throughout the property will remind guests and team members to use the disinfecting stations and to wash their hands on a regular basis
- If a guest is seen exhibiting COVID-19 symptoms while at Mohegan Sun, team members will follow the appropriate actions, including asking the guest to return when they feel healthy
- Remote hotel check-in via kiosks and express check-out via in-room television
- Thorough disinfecting measures will be instituted during hotel room turnover in accordance with our normal practice, and fogging will be utilized in every room after guest check-out

CRPA: HEALTH & SAFETY PRECAUTIONS

Below are a few highlights of what CRPA is doing to ensure our participants have a safe and enjoyable experience:

- Masks/facial coverings are strongly recommended within our conference area regardless of vaccination status and are REQUIRED for all unvaccinated individuals
- Attendees will be asked to social distance per CDC guidance and wear a mask when unable to do so
- Lined 6ft markers will be placed at all registration locations to ensure distancing
- Increased number of registration tables separated by at least 6 feet
- Speakers will be at least 6 feet away from the audience
- To reduce shared touched surfaces, we have eliminated printed program books with the exception of schedule and exhibit hall map (all information available on our digital app)
- Hand sanitizer will be made available at entrance points and common areas, where possible.
- High-touch surfaces (e.g. speaker podiums, microphones, microphone stands, etc.) will be frequently disinfected throughout the event
- Registration of attendees will be logged at the event to support contact tracing
- Attendees will be required to complete a COVID screening questionnaire at registration
- Staff shall assist with crowd control by reminding attendees to maintain social distancing while seated in audience, walking, or in common areas.
