

2026 PLAYGROUND MAINTENANCE COURSE (PMC)

Tuesday, January 13, 2026

Academy Building Cafeteria

2143 Main Street Glastonbury, CT 06033

8:30 AM - 3:30 PM

COURSE INFORMATION:

The National Recreation and Park Association's Playground Maintenance Course (PMC) is a one-day (6.25 hour) educational course that provides participants with an understanding of basic playground hazards, applying safe maintenance practices on equipment, identifying surfacing types and proper maintenance procedures, and establishing proper record keeping practices. This is a great opportunity for permanent/seasonal part-timers that service playgrounds during the busy summer months, and it is considered a good starter course for aspiring Certified Playground Safety Inspectors (CPSI) **and now qualifies for CPSI renewal CEU's**. The course is taught by Rolling Meadows Superintendent of Parks and certified PMC instructor, Brian McKenna. Participation includes a playground maintenance guide, lunch, playground visit (weather permitting), and certificate of completion.

COURSE OBJECTIVE:

Upon successful completion of this course, the maintenance professional will be able to understand basic playground hazards, apply safe maintenance practices on equipment, identify surfacing types and proper maintenance procedures, and establish proper record-keeping practices.

WHO SHOULD ATTEND:

Part-time and full-time practitioners tasked with the responsibility of maintaining playgrounds at public parks, schools, and private facilities, and anyone interested in learning more about playground safety. This is a great starter course for those interested in pursuing CPSI certification in their professional career and those that need 2 full CEUs every three years to maintain their CPSI certification.
